

# The AACA Museum

displays original and restored cars, trucks, buses and motorcycles in unique themed settings! Stroll through three levels of vehicles and memorabilia as you enjoy a trip down memory lane. Remember when gas was only 19 cents a gallon... those hot summer nights at the drive-in or those burgers and shakes at the local diner? What was your first car? What was the car you dreamed of driving? Remember those vehicles that your grandparents drove and those from your early driving days.

Looking for the Limelight? Be sure to see the Lakeland bus used in the academy award-winning movie *Forrest Gump* and several cars from the 1930's-1950's used in *The Good Shepherd* movie. New to the collection is a custom ordered seamist green 1977 Cadillac Seville once owned by actress Betty White.

**Our main gallery** is a cruise through time which begins in Battery Park, New York in the 1900's then takes you on a cross-country journey decade by decade ending in San Francisco with vehicles from the 1970's! Along the way enjoy the art deco era of the 1930's in Miami, a 1940's gas station and even a 1950's drive-in. Our themed settings bring each decade to life.

**Our lower level** offers an authentic 1940's diner along with memorabilia from the 40's and 50's.

Did you know that the **Museum of Bus Transportation** has the largest collection of buses on display under one roof in the United States? A dozen buses and an illustrated timeline trace the history of bus transportation.

The **Museum** also displays a wide variety of antique motorcycles including favorites such as Harley-Davidson and many more!

Kids of all ages enjoy our interactive exhibit offering vehicles that they can actually get in and out of, dress up in costumes, and even pretend to drive!

During the holiday season, *From Roads to Rails*, our model train display, offers

guests a glimpse of the past as we feature vintage trains and scenes reminiscent of the 1950's.

**Our upper level**

offers visitors a view of over 300 unique radiator mascots, an assortment of scooters, pedal cars and other artifacts.

Special changing exhibits are featured throughout the year and focus on a specific theme or individual collector. The specific vehicles on display and themes of exhibits change frequently so please call or visit our website for information on our current and upcoming exhibits.
